

New Mexicans for Life

A Pro-Life Petition from the Citizens of New Mexico to Governor Michelle Lujan Grisham and the New Mexico Legislature

We, the undersigned citizens of the State of New Mexico, petition the Governor and the members of the New Mexico Legislature to OPPOSE all legislation that would: 1. Uphold elective abortion up to the moment of birth and infanticide; 2. Force hospitals, clinics, doctors, and/or medical professionals to offer and/or participate in abortions; 3. Allow non-physicians to perform abortions; and/or 4. Remove legal protections for women, including consent requirements.

We further call on the Governor and the members of the New Mexico Legislature to PASS and ENACT legislation that would: 1. Ban elective late-term abortions after five (5) months; 2. Require that proper medical attention be given to a child who survives a botched abortion; and 3. Require parental notification and/or consent for minors who are seeking abortions.
