

Letter in Support of your Local *Chick-fil-A* Owner-operator

Dear (local operator),

I want to thank you for your commitment to excellence and serving our community faithfully for so long. You have employed our local young adults and taught them to serve customers professionally, with a smile and a genuine, "it's my pleasure." You have donated food to our local charities without hesitation. You live locally, shop locally and attend church locally – as do my family and I.

I want you to know that my support of you will not be deterred by the *Chick-fil-A Foundation's* decision to withdraw funding from organizations that are standing on the front lines for the very values they report to affirm. I know that boycotts are not usually effective, and perhaps the Foundation's decision is based on that. That, and the perception that if they don't capitulate to the Left, the business won't grow.

But I do know that *moral prosperity leads to financial prosperity*, not the other way around. And without moral prosperity and moral leadership, as we are seeing, our nation is slowly dying. You have the responsibility and ability to help change that direction.

I do hope you will make your voice heard to your leadership as perhaps yours is the only voice they will listen to.

Sincerely,
